AIR CONDITIONING THAT
REDUCES OPERATING
COSTS WHILE INCREASING
HOME COMFORT.

SSX14 –14 SEER R-410A REFRIGERANT HIGH-EFFICIENCY AIR CONDITIONER

**ENJOY HIGH-QUALITY,
HIGH-EFFICIENCY,
ENVIRONMENTALLY-FRIENDLY
COOLING PERFORMANCE —
AT A SURPRISINGLY
AFFORDABLE PRICE!**

As the owner of a high-efficiency KLIMAIRE® 14 SEER R-410A Air Conditioner, you have made one of the best purchasing decisions possible in the HVAC marketplace. At KLIMAIRE, we strive to build heating and air conditioning equipment that offers high performance, energy efficiency, durability, and an environment-complementing design – all at a price that will have you saying “Thank Goodness for KLIMAIRE.”

In particular, your KLIMAIRE 14 SEER Air Conditioner will provide you with reliable cooling at money-saving energy efficiency levels.* Benefits of this high-quality air conditioner include:

- Environmentally-friendly R-410A refrigerant
- A high-performance, high-efficiency scroll compressor with Lifetime Limited Warranty
- 10-Year Parts Limited Warranty
- A high-efficiency condenser coil made of corrugated aluminum fins and rifled refrigeration-grade copper tubing

- A factory-installed in-line filter dryer, for longer system life

R-410A REFRIGERANT

R-410A is an environmentally friendly, next-generation refrigerant that is used in KLIMAIRE brand 14 SEER air conditioners and heat pumps. Many refrigerants developed before R-410A contain chlorine, which is harmful to the ozone layer. R-410A is chlorine-free and therefore better for the environment. In fact, the Clean Air Act requires that as of 2010, all new air conditioning units manufactured in North America will use chlorine-free refrigerants. So by purchasing an R-410A air conditioner now, you’re purchasing the latest in refrigerant technology . . . and helping the environment!

**ENDURING, EFFICIENT
PERFORMANCE.**

You can count on your KLIMAIRE 14 SEER R-410A Air Conditioner to keep you cool on even the hottest summer days. The high-efficiency scroll compressor, operates in tandem with a high-efficiency coil, cooling your home effectively while saving you money on your energy bills!

And if that’s not enough, KLIMAIRE goes one step further: we install a liquid-line filter dryer in every air conditioner we build. The filter dryer prevents moisture and debris from entering the compressor motor and expansion device, thus extending the life of the system. Many manufacturers leave this step out, but we’ve installed filter dryers in all our air conditioners since day one.

ENERGY EFFICIENCY IS THE KEY TO LOWERING THE COST OF AIR CONDITIONING.

* As compared to lower SEER equipment.

QUALITY MANUFACTURING BACKED BY WARRANTIES AND SERVICE

ENJOY HIGH-QUALITY, HIGH-EFFICIENCY, ENVIRONMENTALLY-FRIENDLY COOLING PERFORMANCE — AT A SURPRISINGLY AFFORDABLE PRICE!

ENDURING, EFFICIENT PERFORMANCE.

You can count on your KLIMAIRE 14 SEER R-410A Air Conditioner to keep you cool on even the hottest summer days. The high-efficiency scroll compressor, operates in tandem with a high-efficiency coil, cooling your home effectively while saving you money on your energy bills!

And if that’s not enough, KLIMAIRE goes one step further: we install a liquid-line filter dryer in every air conditioner we build. The filter dryer prevents moisture and debris from entering the compressor motor and expansion device, thus extending the life of the system. Many manufacturers leave this step out, but we’ve installed filter dryers in all our air conditioners since day one.

MAJOR FEATURES OF THIS KLIMAIRE 14 SEER R-410A AIR CONDITIONER INCLUDE:

- A high-performance, high-efficiency scroll compressor
- Environmentally-friendly R-410A refrigerant
- A factory-installed in-line filter dryer, for longer system life
- A louvered cabinet made of heavy-gauge galvanized steel that protects the coil, while its appliance-quality, post-paint finish resists the effects of weather and time
- An 8-pole, 850-RPM motor; a three-bladed fan; and a unique louvered sound-control top — all of which add up to quieter system performance
- A high-efficiency condenser coil made of corrugated aluminum fins and rifled refrigeration-grade copper tubing
- An attractive new design, finished in an Architectural Gray color that complements any home environment
- Easy-access design, making the unit easy to service
- Performance certified in accordance with the Air Conditioning and Refrigeration Institute

Annual Cooling Cost Savings Comparison by US City	14 SEER Savings over 8 SEER
Newark	\$191
St. Louis	\$230
Dallas	\$364
Corpus Christi	\$560
Miami	\$744

1) The higher the SEER, the greater the efficiency — and the lower the operating cost. SEER - Seasonal Energy Efficiency Ratio - is the industry measurement used by the Department of Energy.

2) These figures represent estimated cooling cost savings of a 3-ton system at \$0.0981/KWHR and are based on formulas published by the DOE and EPA.

3) These figures are for comparison purposes only. Actual savings will vary according to personal use habits, square footage, location, how your unit is installed and the construction of your home.
